JUDGE SAMPSON SUE

H. N. Patrick Contributes the Following to the Whitley Republican of Last Week

The bottom of rotten politics was reached last week, when J. N. Sharp filed a sensational law suit in the Federal Court at London against Judge F. D. Sampson, candidate for Circuit Judge. It is alleged in this suit that Judge Sampson defrauded the Campbell Coal Company in some land transactions several years ago. It is passing strange that these people should have remained silent all these years and sued Judge Sampson at this particular time. Another thing that looks a little strange is that Judge W. R. Black announced his candidacy for Circuit Judge the same day that this suit was filed. Surely something is rotten in Denmark! It looks to a man up a tree that it is a political conspiracy hatched for the sole purpose of injuring the candidacy of Judge Sampson and furthering the candidacy of Judge Black. If this is true, and Judge Black had anything to do with it, or even had knowledge of it, he is not worthy or fit for the high and sacred office of Circuit Judge. It certainly looks like that sort of a scheme because Judge Black is basing his candidacy on that more than any one thing and his henchmen are going around trying to make capital out of it.

The truth of the matter is that J. N. Sharp, who is attorney for the Campbell Coal Company, was also an applicant for the office of United States District Attorney. He was designated for the office and appointed, and his name was withdrawn by President Taft for reasons well known to every body. Hon. C. L. Powers, who is Judge Sampson's law partner and close personal friend, opposed Mr. Sharp and succeeded in having his name withdrawn by the President on account of his reputation. Mr. Sharp, of course, is sore at Mr. Powers, and it looks as if he is trying to get even with him by trying to take his spite out on his friend, and that Judge Black has joined him, hoping to benefit thereby. That sort of thing has been tried in Whitley county before and kicked back. If this is a scheme to injure the character of Judge Sampson for political purposes, the thing should be and will be rejected by the voters of this Judicial District.

These land transactions took place more than five years ago, and if Judge Sampson defrauded the Campbell Coal Company, as alleged in this suit, why did they remain silent all these years and wait until he became a candidate to file this suit and then file it on the same day that his opponent announced his candidacy for the same office? Judge Sampson is seeking. No demand was ever made upon Judge Sampson by the Campbell Coal Company of any one for them for anything on account of these transactions, notwithstanding he has met Mr. J. N. Sharp often in the meantime. Did you ever hear of a man being sued before without a demand first being made upon him? Judge Sampson never even heard it hinted that the Campbell Coal Company had any claim against him until he heard it in Williamsburg two or three weeks

ago. Any person of common sense knows that this suit was instituted purely and solely for political purposes, and intended to injure Judge Sampson in this race and supply Judge Black with campaign material. Of course Judge Black is now denying any connection with the law suit and gets indignant when it is hinted that he had any connection with it, yet he manages to devote the greater part of his speeches to it. Actions speak louder than words. With all these facts in mind, who do you believe caused this suit to be instituted and why? If Judge Sampson is a man of such had character, why did not Judge Black accept his proposition when he offered in his speech here to leave it to the city of Barbourville, where they have both lived for twenty years and where they are both well known, and dared him to accept the proposition.

H. N. Patrick.

RESOLUTIONS.

Adopted by the Directors of the First National Bank.

Sampson has tendered his resignation as a director and President of the First National Bank of Barbourville, Kentucky, in order to devote his entire time to his other business interests and professional duties; and whereas he has labored earnestly and faithfully for the interests of this bank for the last four years, and said bank has enjoyed great success and prosperity. PAYS DEATH PENALTY

James White Hanged at Pineville Monday Morning

James White, the negro who criminally assaulted a little white girl at Middlesboro, was hanged in the jail yard at Pineville Monday morning. The doomed boy saw a number of friends Sunday and talked with them, saying that he was prepared to die. At 10:30 o'clock, Sheriff Robert Van Neyer, accompanied by fifty armed men, took the prisoner from the jail and conducted him to the scaffold located at the rear of the jail. The drop was sprung by Van Neyer and in thirteen minutes the negro was pronounced dead.

A large crowd of country people were in town to witness the hanging. This is one of the most notable hangings which was ever taken place in this State, because of the fact that under the new law it is possible it will be the last, and that hereafter the electric chair will replace the gallows of Kentucky. A number from here attended.

Another Lie Started

Editor Mountain Advocate, Barbourville, Kentucky.

Dear Sir: The report is being circulated, that Judge F. D. Sampson owes the First National Bank of Barbourville, a large sum of money. This report is not true. It is also reported that Judge Sampson defrauded the bank out of a large sum of money. This report is absolute false. He never wronged the bank out of as much as one cent, or any amount, and has never charged the bank anything for any service rendered.

These reports do the bank and Judge Sampson, both a great injustice, and the bank desires through the columns of your paper to correct these erroneous reports.

Judge Sampson is not now connected with this bank, but he has always been, and is now held in the highest esteem by the officers and stockholders of the bank.

Respectfully,
FIRST NATIONAL BANK.
Robert W. Cole, Cashier.

Death of Dan Poindexter.

(Contributed by a Friend.)

Dan Poindexter died at his home on January 27th, 1911, near the cemetery. His death was not unexpected as he had been in poor health for nearly a year. He called his

brothers and friends to his bedside and asked them and his wife to meet him in heaven. Thus he was ready and waiting for the Lord to call him home.

Why should his wife, mother and father mourn his departure from earth when their loss is his eternal gain. Weep no more for the death of Dan, for we have no doubt but that Dan has gone to rest. He leaves a wife and two small children a host of friends to mourn his loss. He died on his birthday, aged 29 years. The remains were laid to rest in the Highton Creek grave yard.

Bosworth Announces.

In the proper place, in today's issue appears the official announcement of Senator Joe F. Bosworth for re-election as State Senator from this District in the General Assembly of Kentucky.

Senator Bosworth has served one term of four years and during that time he took up the fight for good roads and has made a strong fight to secure for his constituents better roads than we have ever yet had in this section of the State.

He made a strong and vigorous fight for Senator Bradley and aided very materially in helping to elect him as our United States Senator.

Senator Bosworth is asking that his past record be endorsed by re-electing him for another term in the State Senate.

Madison May

Madison May, son of James May, was buried at Artemus last Sunday, the services being conducted by Olive branch Lodge, of colored Masons of this city. His death was the result of an injury received in the mines while at work some weeks ago and from which he never recovered. He was a very worthy colored man and honored and respected by all who knew him both white and colored.

Our New Press.

The Mountain Advocate has just installed a new 25x40 Cottrell & Babcock drum cylinder printing press, which will materially aid us in handling our large circulation. The new press has a capacity of twelve hundred impressions per hour and with this addition to our already well equipped plant the Advocate office will now rank with the best in Southeastern Kentucky.

JUDGE F. D. SAMPSON

Writes a Card to the Voters of This Judicial District.

Barbourville, Ky., Jan. 31, 1911. I desire to say to all the good people of the District that the charges made against me in the suit filed at London, Kentucky, are absolutely false and the only purpose of filing this suit was to injure my candidacy for Judge and to deceive you and cheat you out of your vote. This suit was filed on the same day that W. R. Black announced his candidacy for Circuit Judge.

The same man and his henchmen are also circulating a report that I also defrauded the First National Bank of Barbourville, Kentucky, out of a large sum of money. This charge is also absolutely false. I don't think any man who knows me believes either of these charges, and I desire to say to my friends that where I have made speeches in the District, the people are rejecting these false charges and they are rallying to my support. The people are going to win this race for me by an overwhelming majority.

You, no doubt, have observed that the fellows who are carrying around these false statements and showing them to the people, are principally fellows who are interested in these large corporations, or are the henchmen of the large corporations. The corporations do not want me to be elected. They have no politics but self interest and they know who their friend is and who will take care of their interest, against the people. They generally want a man they can use. I want my friends to hurl back into the teeth of these fellows, their lies and I will be in your community soon and expose these lies and false charges.

Thanking the people for the strong support and encouragement they have given me, I remain, Yours very truly,
F. D. Sampson.

HOMESTEAD

Of Brotherhood of American Yeomen Organized Monday Night

A new lodge was instituted at Masonic hall Monday night by F. O. Brown of Bowling Green, Ky., the State Organizer for the American Yeoman, with a membership of about 20 charter members.

The new Homestead was named Sampson Homestead and starts out with splendid prospects. This lodge provides insurance features that are very reasonable and both ladies and gentlemen are eligible to membership between the ages of 18 and 50 years and may have policies issued ranging from \$500 to \$3,000.

W. H. Main has been appointed local Deputy and is working to build up the membership, and we can cheerfully recommend this order to anyone who desires the social, as well as the insurance features, to take membership in it.

As to the financial standing of this order we have published a letter received here a few days ago from the State Auditor of Iowa.

Dear Sir: Replying to your inquiry of Jan. 17th, the Brotherhood of American Yeomen is a fraternal insurance society, and has with this department \$1,300,000 in approved securities for all of its policy holders. They are a very prosperous society, and I think as good as any of their kind.

Very truly yours,
JOHN L. BREKLEY,
Auditor of State.

Fire

Last Saturday, just after noon the home of W. Matthew Mitchell on North Manchester Street was discovered on fire and before anyone could render any assistance, the building and almost all the contents were destroyed.

Mrs. Mitchell and her small children were alone at the time and when the fire was discovered, the ell part of the building was almost consumed.

An insurance of \$1,000 on the building and \$300 on the furniture, which was in effect, will materially aid them in replacing their loss. This will cover about one-half of the total loss.

"THE LIVERY OF HEAVEN TO SERVE THE DEVIL."

In the last week's issue of the Peoples News this place, W. R. Black delivered himself of a few random thoughts that must have been praying heavily on his mind as a lonesome soul. We may be wrong in saying that W. R. Black delivered himself of these things, because in our judgment, he rarely signed and did not write the article; that article was written, we are confident, by James D. Black, the Democratic uncle of the candidate. At any rate, W. R. Black's name was signed to it and he stands sponsor for the statements contained therein. He puts himself on a plane a little below the angels, and says that Judge Sampson is worse than the demons of hell.

"There is not an act of my life of which I am ashamed," says this self-righteous reformer, and says that Judge Sampson is willing to steal the livery of heaven to serve the devil and does not scruple to do it. Judge Black also makes the following statement about Judge Sampson: "My opponent is a political opportunist, ready always to make good out of any situation though he has to pay the price in his soul and reputation," so he says.

And when Judge Black says that he had nothing to do with the filing of the suit, or advised to be filed, the suit in the Federal Court at London, Ky., named Judge Sampson for damages, and when he says that is a lie, we say that is a lie and a damned lie. Judge Black, you can not deceive the people in what you are trying to do. Whether you inspired the filing of the suit against Judge Sampson or not, you have shown that you are well wisher to the cause, and are giving it all the publicity within your power, costing all the insinuations against Judge Sampson which you have the power to coin words to make.

You say you did not meet Sharp in Louisville. You will not deny that you had a communication from him and that you agreed to meet him in Louisville and that you went to Louisville for the purpose of meeting him, or as one of your purposes. The question is not so much who instituted the suit against Judge Sampson, as what there is in the suit. What evidence have you got to offer that the suit is meritorious? What proof can you produce to show that Judge Sampson has not acted honorably in dealing with the two coal companies bringing the suit? Every man is presumed to be innocent until his guilt is shown. Why don't you show his guilt? Why do you make the statement that Judge Sampson is in a losing harness, and that his grazing area will perceptibly be restricted? Do you mean to say

that he is going to be sent to the penitentiary? What is the close fitting harness to which you refer? Why do you attempt to shroud the man's good name without producing proof?

Judge Sampson is willing to meet you in joint debate in these charges all over this district, and is amply able to meet those instigating the suit against him when the case comes up for trial.

These companies allege in their suit that Judge Sampson acted as their agent and bought all lands for \$1.00 per acre and sold it to them for \$1.00 per acre, and therefore robbed the companies out of \$3.00 per acre. That is their side of it. That is the character of doctrine which you are now preaching to the people. What is the truth about it? Read the following contract which explains itself, and which is in the personal handwriting of R. O. Campbell, the head and shoulders and the principle owner in those corporations which have filed suit against Judge Sampson. The contract which Judge Sampson had with this man and the First National Bank of Barbourville, Ky., is as follows:

First National Bank of Barbourville, Barbourville, Ky. This will authorize you to draw sight draft on the R. O. Campbell Coal Co., of Atlanta, Ga., for all deeds for coal property, left with you, by Judge F. D. Sampson, same to be certified as good title, by said Judge Sampson, and to be held in trust, by your bank, until ten thousand acres, more or less, are secured.

Price on above to be (four) \$1.00 per acre for mineral and timber rights to move the mineral.

Yours very truly,

R. O. Campbell.

The above is an exact duplicate of the letter.

Robert W. Cole, Cashier.

This shows that Judge Sampson was to receive \$1.00 per acre for the lands whether he got it for fifty cents an acre or \$2.00 an acre, or any other price. This shows that he has wronged and deceived nobody. This shows who is in the right and who is in the wrong in the controversy. Judge Sampson hasn't got money wrongfully from anybody, but if he had, he got it from a foreign corporation, and has given over \$600 of it to the Baptist church in Barbourville, Ky., and over \$500 to the Methodist church; over \$200 in the erection of a colored school; over \$700 to the Baptist Institute of Barbourville, Ky., and over \$500 to Union College of Barbourville, Ky., and there is not a church in the town or a philanthropic cause in the country that he has not liberally donated to. Judge Black upon the other hand has donated to nothing and nobody except the Catholic church in Barbourville and has been a lawyer for the L. & N. R. R. Co. and other corporations to help to try to defeat the people—those that he is now asking to support him out of their just dues and rights.

The judicial campaign has overshadowed everything else in this portion of the country.
